DECISION

ON PETITION UNDER

37 CFR 1.137(b)

Applicants' "Petition For Revival of an International Application For Patent Designating the U.S. Abandoned Unintentionally Under 37 CFR 1.137(b)," filed in the above-captioned application on 01 April 2005 is **GRANTED**.

Applicants state "the entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional," as required by 37 CFR 1.137(b)(3). The appropriate national fee and petition fee have been submitted. A terminal disclaimer is not required as the application was filed on or after 08 June 1995. Accordingly, all requirements under 37 CFR 1.137(b) have been satisfied.

On 01 April 2005, applicants filed a combined declaration and power of attorney along with the petition to revive. The declaration includes a single first page and three pages headed "All Inventors". The "all inventors" pages were separately signed by the inventors, suggesting that the filed declaration is a composite declaration assembled by piecing together separately executed declarations. As the complete declarations executed by the inventors have not been furnished, the requirements under 37 CFR 1.497(a) have not been satisfied.

This application is being forwarded to the National Stage Processing Branch of the Office of PCT Operations for continued processing in accordance with this decision, including the mailing of a Notification of Missing Requirements (Form PCT/DO/EO/905) indicating that an oath or declaration in compliance with 37 CFR 1.497(a)-(b) is required.
